

Digital Marketing 101

From SEO and social media to email campaigns and analytics — learn modern marketing.

Welcome to the course! This document contains all the materials, lessons, and exercises you will need to successfully complete the curriculum. We recommend reading through this guide carefully and taking notes as you progress.

Category: Marketing | Level: Beginner | Est. Time: 7 Hours

Course Objectives & Overview

By the end of this course, you will have a solid understanding of the core concepts, practical applications, and best practices associated with this topic. This structured material is designed to guide you step-by-step from foundational theories to advanced problem-solving techniques.

Ensure you complete all practical exercises and review the lesson summaries before attempting the final exam.

Lesson 1: Digital Marketing Fundamentals

Digital marketing encompasses all marketing efforts that use an electronic device or the internet.

- SEO: on-page and off-page optimization, keywords, backlinks
- Content marketing: blogging, video, podcasts
- Social media marketing: organic vs. paid, platform differences
- Email marketing: list building, open rates, CTR, automation
- Pay-per-click (PPC): Google Ads, Meta Ads, bidding strategies
- Analytics: Google Analytics 4, key metrics (bounce rate, session duration, conversions)
- Conversion Rate Optimization (CRO)
- Marketing funnel: awareness → interest → desire → action

Key concept: In digital marketing, everything is measurable. Data drives decisions.

Key Takeaways:

- Review the main concepts outlined above.
- Practice the techniques discussed.
- Write down any questions for further research.

Conclusion & Next Steps

Congratulations on reaching the end of the written material for this course! Your next step is to log into the platform and take the final assessment. Review your personal notes, ensure you understand the key takeaways from each lesson, and apply what you have learned.

Good luck!
